

SUNSTREAM

SUNLIFT SLX

FIRST BOAT IN THE WATER WINS.

SUNSTREAM HELPS YOU ENJOY YOUR BOAT MORE.

Boating is our passion and, like you, we envisioned a future that minimized the hassles and frustrations of getting your boat in and out of water, accessing the hull and covering the boat. For over 25 years, we've been leading the industry by elevating boating experiences all over the globe. Our award winning engineering and design continues to push the boundaries of what's possible by producing many of the world's first freestanding hydraulic boat lifts and automatic cover systems. You're invited to the future of boating.

Boat more, boat easier, boat better.

SUNLIFT SLX

SUNLIFT SLX

The Best Just Got Better.

The Sunlift SLX is the new standard in free-standing hydraulic boat lifts. Sunstream has a rich heritage of innovation and it continues to drive us today more than ever. We're boaters too and we believed boating could be more fun and less hassle. The Sunlift SLX is the culmination of meticulous engineering, unparalleled manufacturing and technological advancement.

Well designed to lift boats and drop jaws.

- 1 Adjustable Width Bunks
- 2 Adjustable Range Option
- 3 Side Shift
- 4 Stainless Steel Cylinders & Hoses

- 5 Hydraulic Boot & Scrubber
- 6 Cylinders Aligned with Frame
- 7 Soft Stop
- 8 Bronze Bushings

- 9 Stylish Domed Head Pins
- 10 Set Bolt in Leg Sleeves
- 11 Oval Cast Feet
- 12 SuperBunks™

- 13 3.25in Wide Beams
- 14 Thick Wall Aluminum Construction
- 15 Bronze Nuts
- 16 GravityLock™

FLAWLESS HULL FIT

The SunLift SLX is the only hydraulic lift that has adjustable width bunks to achieve an ideal boat fit. Additionally, the boat height over water can be set with an adjustable lifting range up to 6.5 feet. The frame can also shift laterally to minimize the distance of the boat to dock to allow safe boarding every time. Sunstream SuperBunks™ softly cradle the hull and will last for years without wear. The Superbunks™ act as spring beams, which spread the load over the entire bunk, creating a comfortable resting spot for your boat without pressure points.

SUPERIOR HYDRAULICS

The hydraulic system is the heart of a hydraulic lift and is key for reliability and performance. The SunLift SLX never compromises on durability with all stainless steel cylinders, a patented shaft boot with scrubber and scraper seal, double braid stainless hoses, and stainless fittings. The SLX has elite performance with a premium pressure balanced pump (vs a basic fixed gear pump) that has up to 20% more efficiency, higher speed, quieter sound, and does not lose lifting capacity over time. The SoftStop™ eases the hydraulic power for a smooth finish to the top position.

MODERN FRAME

The SunLift SLX modern frame has a beauty that is worthy of displaying your boat. The frame has superior stiffness with the cylinders aligned with frame, fewer bolts, and a set bolt to remove movement in the leg socket. The Sunstream SLX boasts the best range of specifications on the market, with the highest lifting range, shallowest water depth, fastest speed, and capacities to 30,000lbs. Optional Leg Jacks can give an additional 3ft of range to lakes with seasonal fluctuation. The over-center GravityLock™ gives you maximum peace of mind.

Optional bow stop shown

BLUETOOTH & APP

Sunstream's optional Bluetooth transmitter and smartphone app give you the power to lift your boat with your phone! It also gives important lift diagnostics to prevent a problem from becoming a problem. Bluetooth technology has more consistent range, and is more responsive. Built-in security features protect your boat, and 'depressurize' is ideal for seasonal users.

SWIFTSHIELD

Sunstream's SwiftShield boat cover system helps you to use your boat more and protects your investment. Say farewell to the frustration that comes with traditional boat covers and hello to boating anytime you want. Be on the water in just 30 seconds with the push of a remote. Who knew engineering could be so much fun?
